# JEREMY SIMUMBA

Student

I am an enthusiastic, curious and solution-driven team player with the goal to ignite ideas to push boundaries. I have experience working in a professional setting, in a team where I was part of a bigger picture and have shown that I can handle the responsibility on my own but also work reliably with others. I am hardworking, adaptable and a quick learner. Dedicated, with a positive attitude towards all aspects of work and extremely eager to learn and gain experience. I want to shape my own future by doing something meaningful in the world of Computer Science and Technology.

WORK EXPERIENCE

Sales Assistant
Elantra Procurement Ltd
06/2021 - 08/2021
Achievements/Tasks
- This involved responding to enquiries, sourcing products and working with suppliers in order to fulfil the needs of the clients who often had deadlines. I would also do various jobs around the office and warehouse when required.
- Occasionally orders came through from clients after I personally processed their requests.
- I enjoyed working as part of a team and it sharpened my research skills, communication and really making sure I managed my time well.

VOLUNTEER EXPERIENCE

Library assisant
Oldham Library
03/2019 - 06/2019
Tasks/Achievements
- Would help around the library wherever needed, including organising books, handling returns or sometimes helping at events.
- Lots of interactions which ultimately helped in fine-tuning my interpersonal skills.
